RESOLUTION NO. 2021-04-01

RESOLUTION OF THE JEFFERSON COUNTY BOARD, ILLINOIS SUPPORTING LOCAL CONTROL OF ZONING AND LAND USE AFFAIRS

WHEREAS, the State of Illinois is made up of very different communities and unique areas with specific sensitivities and opportunities; and

WHEREAS, Counties throughout Illinois have developed and refined ordinances and requirements to enhance investments and opportunities for employment with unique zoning specifics of these areas, and in many cases these opportunities have included clean energy projects such as nuclear, wind and solar; and

WHEREAS, the County Board is the best entity to support the needs, interests, and safety of its residents due to direct feedback and understanding of the County's needs, while State officials or industry leaders who do not reside in these counties may not be aware of the most relevant and current information; and

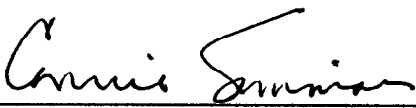

WHEREAS, Senate Bill 1602 pending approval would marginalize or disenfranchise citizens' right to develop or refine ordinances specific to wind and solar projects that may be constructed in that county ;and

WHEREAS, Senate Bill 1602 would relinquish authority to make these fine determinations of needs for a county to others who do not reside in that community.

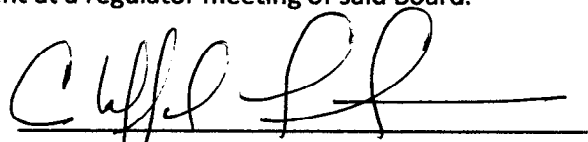

NOW, THEREFORE BE IT RESOLVED, that the County Board of Jefferson County is opposed to Senate Bill 1602 and stands with our residents' right to make decisions in land-use planning for the legacy of their communities, areas and future generations.

PASSED this 26th day of April, 2021, by the affirmative vote of the majority of the Jefferson County Board members present at a regulator meeting of said Board.
