

2019 ASSESSMENTS FOR JEFFERSON COUNTY, ILLINOIS

“NOTICE TO TAXPAYER”

Assessment complaints may be filed with the Board of Review from this date to 30 days after publication of the assessment list in accordance with the Illinois Revised Statutes Revenue Act. Assessment Complaints will be taken by this office through Thursday, February 20, 2020.

Notice is hereby given, pursuant to Property Tax Code (35 ILCS 200) under Section 12-10, for the publication of the 2019 changes in assessed valuations for real property and equalized under Section 9-210 and 10-200. By law (35 ILCS 200/9-145) assessments of property, other than farmland and coal are required to be assessed at 33 1/3% of fair cash (market) value.

Valuation Date (35ILCS 200/9-95) January 1, 2019

Valuation based on sales from (35ILCS 200/1-55) 2016-2018

Median Level of Assessments 32.22%

Your property is to be assessed at the statutory level of assessments of 33.33%. You may check the accuracy of your assessment by dividing your assessment by the median level of assessment. The resulting value should equal the estimated fair cash (market) value of your property. If you believe this value is out of line with the actual value of your property you may have the right to appeal your assessment to the Board of Review. **FILING DEADLINE IS FEBRUARY 20, 2020.**

Pursuant to 35 ILCS 200/10-115, the farmland assessments for the 2019 assessment year will increase by 10% of the preceding years median cropped soil productivity index as certified by the Illinois Department of Revenue with data provided by the Farmland Assessment Technical Advisory Board resulting in a \$29.10 per acre increase for each soil productivity index.

The amount of your tax bill is determined by taking the equalized assessed value (after board of review and state equalization) of your property and applying the aggregate tax rates from the levies of all local taxing districts and units of local governments in which your property is located.

Your property tax bill is calculated as follows:

Final Equalized Assessed Value – Exemptions = Taxable Assessment

Taxable Assessment x Current Tax Rate = Total Tax Bill

You may qualify for exemptions on your property which will reduce your property's equalized assessed value. Exemptions are available for general homestead, senior homestead, senior citizens assessment freeze, homestead improvement, disabled persons, disabled veterans, and returning veterans.
